

## Free On-line Spelling Bee Great Resource!

Dear Parent/Guardian,

I want everyone to know about a new on-line spelling competition. The site is [www.BigIQBee.com](http://www.BigIQBee.com) and it's free to join and participate. The site simulates a 'live' spelling bee and tests the students on grade appropriate words. Additionally, the site provides instant test scores and rankings and is a great motivational tool for the kids as they compete against other spellers from around the world.

BigIQBee.com has tremendous educational value and is certainly far more productive than watching TV, playing video games or surfing the web. I hope you all will visit the site and sign up your young learners.
